

Cracker Barrel Old Country Store

Lebanon, Tennessee

Established in 1969, Cracker Barrel and its affiliates operate 667 company-owned Cracker Barrel Old Country Store locations in 45 states. The company established an extremely proactive Veteran's Employee Resource Group that supports employees who are veterans and who currently serve in the Reserve Components. Top management support for Service members and veterans is evident in all that they do. The nominator, who was deployed for 6 months, received a heartfelt sendoff from his colleagues, gift cards for his family, and care packages for his unit while they were away. Before the Tennessee National Guard's 278th Armored Cavalry Regiment deployed to Poland, Cracker Barrel provided breakfast, lunch and dinner to every Soldier for 4 days – 4,000 meals in eight different locations. In addition, they sent over 40 large care packages to these same troops during their deployment.
