

Eversource Energy

Hartford, Connecticut

Eversource is a publicly traded Fortune 500 company and New England's largest energy supplier, serving approximately 4 million electricity, natural gas and water customers in Connecticut, Massachusetts and New Hampshire. Military support is embedded in its corporate culture and is evident in the actions of senior leaders, managers and rank-and-file personnel. The company employs more than 600 veterans and National Guard and Reserve members and has demonstrated outstanding support for them during deployments including; card and letter-writing campaigns, laptop donations for junior enlisted personnel, care packages and family support. In addition, Eversource helps ensure a seamless transition back into the company for Guard and Reserve employees through extensive training. Externally, Eversource showcases Guard and Reserve employees in a special section of the corporate website. <https://jobs.eversource.com>
