

### **Kauai Auto Repair**

**Linue, Hawaii**

Kauai Auto Repair provides auto repair services for the Island of Kauai. Despite a high volume of work and a small team, the owner has been very supportive of his employees' military service. During the nominator's deployments, he checked in on the family and kept in touch with the service member, and that spirit of support extends beyond his employees. During an unprecedented rainfall resulting in massive flooding on Kauai, a key employee was activated for the emergency evacuation, search and rescue. While the unit was preparing, a major problem was identified with Zodiac vehicles the unit would need for its mission. The owner opened the shop for more than 24 hours and fabricated new parts for the vehicles free of charge, which directly contributed to the relief efforts for the citizens of North Kauai and overall mission success. For the local community, Kauai Auto Repair offers a military discount for service members and veterans. <https://kauaiautorepair.com/careers/>
